

TENNESSEE RINGER ROUNDUP

Tennessee Horseshoe Pitchers Association Newsletter

TNHPA website: www.tnhorseshoepitching.com

MAY/JUNE 2018

PRESIDENT Morgan Message: It is World Tournament time! It is probably the best experience you can have as a horseshoe pitcher. The World Tournament and your State Championship Tournaments are the two most important tournaments in a pitchers life. Good luck to all our representatives to this years' World Tournament at Florence, SC. and be SAFE.

On a more serious note, we are losing tournament sites in TN because we do not have anyone to be a tournament director. We may be losing two of the Best pitching locations in the state(Crossville & Rock Springs) if no one steps up to run them in 2019. This would cause our Charter to lose more pitchers than we already have. It would make it harder on those who already travel a long way. Anyone interested in running a tournament or to help run one should give JoAnn or myself a call.

The pre-registering in effect this year seems to be working except for a few players who are late calling. Please call no later than the Friday prior to the tournament date **by noon**. You can pre-register as soon as you make that decision, however if you pre-register and then cannot make the tournament please be sure to call ASAP to remove your name from the entries.
